

WHY EPHEBUS OUTSHINES THE COMPETITION IN COLLEGE SPORTS FACILITIES

SUPERIOR HD BROADCAST QUALITY

- Easily meets and exceeds national broadcasting standards
- Optimized for super slow-motion video
- Provides flicker-free broadcasting
- Colors are reproduced accurately and vividly

INNOVATIVE CONTROLS AND UNIQUE EFFECTS

- Make the lights dance to music and come alive - athletes will feel like rock stars in their home arena
- Colored lighting available for increased sponsorship opportunities and a completely unrivalled fan experience
- Custom effects can be developed for your team and activities

ULTIMATE VERSATILITY

- Color tuning can be adjusted at the push of a button
- Lights can be brightened or dimmed for games and other functions
- Scenes can be selected for non-sports events such as trade shows or ceremonies

TOTAL COST ADVANTAGE

- Ephesus typically reduces energy consumption by more than 75% over legacy lighting systems
- No other system costs less to buy, install, run and maintain
- Ephesus installations often pay for themselves in just two to three years

EPHEBUS IS ALREADY SHINING BRIGHTLY AT THESE PROMINENT VENUES
